

Pacific Fishery Management Council Timeline on Forage Fish

- June 2010 -- CPS plan amendment 13 – forage fish not included; put them in the Ecosystem Plan
- June 2011 -- Council chooses non-regulatory Fishery Ecosystem Plan
 - Future forage fish should go in CPS plan
 - EPDT to develop list of important species (including forage)
- November 2011 – EPDT gives Council list of lower tropic level species; Council directs EPDT to report on options for dealing with forage species in June 2012
- April 2012 – Under June 2012 meeting planning, Council agendaizes forage fish decision point under Administrative Matters
- June 2012 -- Council will discuss forage fish and determine their fate (Sunday, June 24, 2012)
