Subject: **Agenda Item for the August 6, 2014, Fish and Game Commission Meeting
Duck Stamp Proposal for FY 2014-2015**

The purpose of this memorandum is to request authorization to use the Duck Stamp Dedicated Account dollars to fund the Visibility Correction Factor portion of the Breeding Population Survey in the amount of \$38,507.

Pursuant to Fish and Game Code § 3702-3705, the Fish and Game Commission approved projects with Duck Stamp Dedicated Account funding on June 4, 2014. However, this project was inadvertently removed from the original memo requesting approval for the use of Duck Stamp funds. The total amount requested for funding was correct and remains unchanged. Attached is the corrected list of projects.
