Subject: City Of Manhattan Beach council abuse of power.
Date: Wednesday, August 13, 2014 11:24:09 AM

Dear Sonke Mastrup,

This email is to urge your office to stop this unconstitutional use of power to regulate what type of fishing gear and and what part of the pier can be used to fish upon. The city of Manhattan Beach has once again over stepped it's authority to illegally regulate fishing on our state pier.

Please do not let them get away with this abuse of power, and make then follow the constitution of California. I have experienced other problems when I had a state of California license to fish on the shore and the police came out and told me to stop fishing from the shore. And treat me like a criminal by making me sit down in the sand while they field interviewed and told me to stop fishing. They didn't want to see my license to fish, they just told me to stop fishing. Yet they don't enforce the other activities that they are suppose to enforce such as, no bike ridding on the pier, no dogs, no skating on the pier and other city ordinance that they don't enforce. Ask the Chief of Police when was the last time they wrote a ticket for any of those activities? I am a life long (54 years) resident here in Manhattan Beach so I see all this activity that go on at the pier daily without any city enforcement of any kind. Once again they are over stepping there authority, and urge your office to take action to stop this unlawful abuse of power.

Sincerely

Eric M. Hartman
