California Fish & Game Commission
PO Box 944209
Sacramento, CA 94244-2090

To Whom It May Concern:

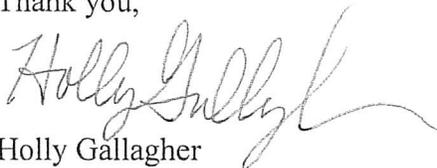

The Colusa County Fish & Game Commission would like request the State of California to change the limit on clams in Humboldt County. The overtaking and abuse of the clams have detrimentally decreased the clams within the county.

The current limits on clams throughout the State are 10 of each type, for a max of 20, yet in Humboldt County the limit is 25 of each for a total of 50 per day. This excessive limit with the combination of overtaking and abuse has caused a significant decline in the number of clams available to law abiding, licensed clam diggers.

Another solution to saving some of the clams would be considering restricting the dates available for digging.

The Commission would ask that you take this matter into serious consideration. Please feel free to call if you have any questions or if you need any additional information. I can be reached at (530) 458-0408 between 8:00am and 3:00pm or via email at hgallagher@countyofcolusa.com.

Thank you,

Holly Gallagher
Commission Secretary
