EMERGENCY MEETING OUTCOMES FOR NOVEMBER 5, 2015 TELECONFERENCE

This document was prepared by staff.

The official meeting minutes – video and audio recordings – may be obtained from www.cal-span.org.

Pursuant to the call of the president, the California Fish and Game Commission (Commission) met via teleconference on November 5, 2015. The teleconference originated at the Resources Building, Fish and Game Commission Conference Room, 1416 Ninth Street, Room 1320, Sacramento, California.

The meeting was called to order at 8:00 a.m. by President Baylis, who introduced Executive Director Sonke Mastrup. Executive Director Mastrup introduced the meeting format and instructions for participation.

1. Call to order/roll call to establish quorum

Jack Baylis	President	Present
Jim Kellogg	Vice President	Absent
Jacque Hostler-Carmesin	Member	Absent
Eric Sklar	Member	Present
Anthony C. Williams	Member	Present

The Commission determined, pursuant to Section 11125.5(b) of the Government Code, that an emergency situation exists.

Ayes: *J. Baylis, E. Sklar, A. Williams*

Absent: *J. Hostler-Carmesin, J. Kellogg*

2. Adoption of proposed emergency regulation to close the recreational Dungeness crab and rock crab fisheries due to elevated levels of domoic acid (Section 29.85, Title 14, CCR)

The Commission closed the record for this item following a review of meeting materials and exhibits, and receipt of public comment.

Ayes: *J. Baylis, E. Sklar, A. Williams*

Absent: *J. Hostler-Carmesin, J. Kellogg*

The Commission made several determinations related to the urgency of the proposed action to protect public health and safety. The Commission delayed the opening of the recreational Dungeness crab fishery and closed the recreational rock crab fishery, from the Ventura/Santa Barbara County line to the California/Oregon border, for the immediate preservation of public health. The fisheries will remain closed until the director of the Office of Environmental Health Hazard Assessment, in consultation with the director of the California Department of Public Health, determines that domoic acid levels in Dungeness crab no longer pose a significant risk to public health and no longer recommends the fisheries be closed.

Ayes: J. Baylis, E. Sklar, A. Williams

Absent: J. Hostler-Carmesin, J. Kellogg

3. Adjournment

President Baylis adjourned the meeting at 8:25 a.m.

Pursuant to Government Code, Section 11125.5, included below is the list of persons who were notified, or were attempted to be notified, of this meeting and the Commission's potential action. Some names may be listed more than once due to having multiple addresses and because several mailing lists were used. Names are shown as entered by the subscribers.
