17C. FUTURE MEETINGS – REGULATIONS PERPETUAL TIMETABLE**Today's Item**Information Action

Review and acknowledge requested changes to the perpetual timetable for anticipated regulatory actions.

Summary of Previous/Future Actions (N/A)**Background**

FGC maintains a perpetual timetable for anticipated FGC regulatory actions. At each FGC meeting, staff provides the latest approved timetable along with any requests for changes (Exhibit C1).

DFW and FGC staff generally submits memos to FGC requesting changes to the FGC timetable for anticipated regulatory actions; requested changes to the rulemaking calendar identified by DFW are included in Exhibit C2.

This item is generally scheduled for Day 2 of the meeting to ensure additional rulemaking schedule changes identified during the existing meeting are captured. Due to concerns about timing constraints, this item is scheduled on Day 1.

Recommendation

Provide direction on the scheduling of any proposed rulemaking schedule changes identified by staff verbally during the meeting. Any revisions identified later in the meeting should include a motion to amend the approved rulemaking schedule accordingly. .

Subject: **Request for change to the Fish and Game Commission's Timetable for Anticipated Regulatory Actions**

The Department of Fish and Wildlife requests the following schedule changes to the Fish and Game Commission's regulatory timetable:

- Advance the 2017 Upland Game regulation schedule from the current April notice, June discussion, and August adoption to notice in February, discussion in April, and adoption in June. This revised schedule will avoid delays in publishing the Waterfowl/Upland Game/Department Lands regulations booklets, which need to be available to the public by September 1.
- Move the adoption date for the amendment of Section 472, nongame animals, from the August meeting to the October meeting. This change is needed to provide the 45-day comment period required by the Administrative Procedure Act.
