

California Fish and Game Commission

Climate Change Policy Development
Agenda Item 6
Valerie Termini, Executive Director

Policy Framework

California Climate Strategy

(AB 32)

Vision

Reducing Greenhouse Gas Emissions to 40% Below 1990 levels by 2030

Goals: Governor's Key Climate Change Strategies

- Increase Renewable Electricity Production to 50%
- Reduce Petroleum Use by 50% in Vehicles
- Double Energy Efficiency Savings at Existing Buildings
- Reduce GHG Emissions from Natural and Working Lands
- Reduce Short-Lived Climate Pollutants
- Safeguard California

Process

Solicit feedback from:

- Tribal Resources Committee meeting
 - Marine Resources Committee meeting
 - Wildlife Resources Committee meeting
- Present a draft policy June FGC meeting?

The Mission of the California Fish and Game Commission

...on behalf of California citizens, to ensure the long term sustainability of California's fish and wildlife resources by:

Guiding the ongoing scientific evaluation and assessment of California's fish and wildlife resources;

Setting California's fish and wildlife resource management policies and insuring these are implemented by DFW;

Establishing appropriate fish and wildlife resource management rules and regulations;

and Building active fish and wildlife resource management partnerships with individual landowners, the public and interest groups, and federal, State and local resource management agencies

What activities are most at risk?

For example:

- Hatcheries?
- Species Migrations?
- Commercial fishing?
- Others?

Thank you
