OAL Matter Number: 2016-0726-10

OAL Matter Type: Emergency Readopt (EE)

This is the second readopt of prior emergency regulatory actions (OAL file nos. 2015-1105-01E and 2016-0421-02EE) by the Fish and Game Commission to prohibit recreational take and possession of Dungeness and all rock crab from certain designated ocean waters, including bays and estuaries. This action includes modifications to the prior emergency text to reflect that certain ocean waters have been changed for recreational fishing based on the recommendations of the Director of the Office of Environmental Health Hazard Assessment (OEHHA), in consultation with the Director of the California Department of Public Health (CDPH). Designation of the other fisheries shall remain in effect until the Director of OEHHA, in consultation with the Director of CDPH, determines that domoic acid levels in these crabs no longer pose a significant risk to public health. The Department of Fish and Wildlife shall maintain a list of closed ocean waters of the state and update that list on Wednesday of each week by 1:00 pm. It shall be the responsibility of any person, prior to taking Dungeness crab or rock crab, to call the Department's hotline or visit the Department's website to obtain the current status of any ocean water ((831) 649-2883 or www.wildlife.ca.gov/Fishing/Ocean/Health-Advisories).

OAL approves this emergency regulatory action pursuant to sections 11346.1 and 11349.6 of the Government Code.

This emergency regulatory action is effective on 8/3/2016 and will expire on 11/2/2016. The Certificate of Compliance for this action is due no later than 11/1/2016.
