

STATE OF CALIFORNIA
FISH AND GAME COMMISSION
FINAL STATEMENT OF REASONS FOR REGULATORY ACTION

Amend Section 364.1
Title 14, California Code of Regulations (CCR)
Re: SHARE Elk Hunts

- I. Date of Initial Statement of Reasons: September 21, 2016
- II. Date of Final Statement of Reasons: May 15, 2017
- III. Dates and Locations of Scheduled Hearings:
 - (a) Notice Hearing: Date: December 8, 2016
Location: San Diego, CA
 - (b) Discussion Hearings: Date: February 8, 2017
Location: Rohnert Park, CA
 - (c) Adoption Hearing: Date: April 26, 2017
Location: Van Nuys, CA

IV. Update:

At its April 26, 2017 meeting in Van Nuys, the Fish and Game Commission adopted the amendments to Section 364.1, SHARE Elk; the final tag allocations for the 2017 season are set forth in subsections 364.1 (i) through (l).

Based on results of surveys and updated harvest and population analysis for the most recent Final Environmental Document contained in the “Data Supplement to The California Fish and Game Commission Regarding: Recommended 2017 Elk Tag Allocations and 2017 Elk SHARE Tag Allocations (Updated 2016 Elk Harvest and Population Estimates)”, no modifications were made to the originally proposed language of the Initial Statement of Reasons. At its April 26, 2017 meeting in Van Nuys, the Fish and Game Commission adopted the final tag quotas identified in the table within the Updated Informative Digest.

V. Summary of Primary Considerations Raised in Support of or Opposition to the Proposed Actions and Reasons for Rejecting Those Considerations:

A Data Supplement dated April 2017 provided to the Commission by the Department of Fish and Wildlife, recommending 2017 Elk SHARE Tag Allocations, was a document relied upon.

Responses to public comments, oral or in writing, regarding all proposed 2017-2018 mammal hunting regulations received through April 26, 2017 are included as Attachment A.

VI. Location and Index of Rulemaking File:

A rulemaking file with attached file index is maintained at:

California Fish and Game Commission
1416 Ninth Street
Sacramento, California 95814

VII. Location of Department files:

Department of Fish and Game
1416 Ninth Street
Sacramento, California 95814

VIII. Description of Reasonable Alternatives to Regulatory Action:

(a) Alternatives to Regulatory Action:

1. Regulation Format Change.

No alternatives were identified. Elk license tag quotas must be adjusted periodically in response to a variety of biological and environmental conditions.

2. Number of Tags.

No alternatives were identified. Elk tag quotas must be adjusted periodically in response to a variety of biological and environmental conditions.

(b) No change Alternative:

1. Regulation Format Change.

2. The no-change alternative was considered and rejected because it would not result in appropriate distribution of hunting pressure across zones.
Number of Tags.

The no-change alternative was considered and rejected because it would not attain project objectives of providing for hunting opportunities while maintaining elk populations within desired objectives. Retaining the current tag quota for each zone may not be responsive to biologically-based changes in the status of various herds.

(c) Consideration of Alternatives:

In view of information currently possessed, no reasonable alternative considered would be more effective in carrying out the purposes for which the regulation is proposed or would be as effective and less burdensome to the affected private persons than the proposed regulation, or would be more cost effective to affected private persons and equally effective in implementing the statutory policy or other provision of law.

IX. Impact of Regulatory Action:

This action sets tag quotas for existing hunts. Given the number of tags available, and the area over which they are distributed, this proposal is economically neutral to business.

(a) Significant Statewide Adverse Economic Impact Directly Affecting Businesses, Including the Ability of California Businesses to Compete with Businesses in Other States:

The proposed action will not have a significant statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states. Considering the small number of tags issued over the entire state, this proposal is economically neutral to business.

(b) Impact on the Creation or Elimination of Jobs Within the State, the Creation of New Businesses or the Elimination of Existing Businesses, or the Expansion of Businesses in California:

The Commission anticipates benefits to the health and welfare of California residents. Hunting provides opportunities for multi-generational family activities and promotes respect for California's environment by the future stewards of the State's resources. The Commission anticipates benefits to the State's environment in the sustainable management of natural resources.

The proposed action will not have significant impacts on jobs or business within California and does not provide benefits to worker safety.

(c) Cost Impacts on a Representative Private Person or Business:

The agency is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

- (d) Costs or Savings to State Agencies or Costs/Savings in Federal Funding to the State: None
- (e) Nondiscretionary Costs/Savings to Local Agencies: None
- (f) Programs mandated on Local Agencies or School Districts: None
- (g) Costs Imposed on Any Local Agency or School District that is Required to be Reimbursed Under Part 7 (commencing with Section 17500) of Division 4, Government Code: None
- (h) Effect on Housing Costs: None

UPDATED INFORMATIVE DIGEST (Policy Statement Overview)

Current regulations in Section 364.1, SHARE Elk Hunts, T14, CCR, specify elk tag quotas for each hunt area. In order to achieve elk herd management goals and objectives and maintain hunting quality, it is periodically necessary to adjust quotas in response to dynamic environmental and biological conditions. In conjunction with proposed amendments to Section 364, Elk, which amend hunt areas, it is necessary to similarly amend Section 364.1 for consistency.

Preliminary tag quota ranges are indicated pending final 2017 tag allocations in accordance with elk management goals and objectives. Survey data collected between October 2016, and April 2017, will be part of the basis for the final tag numbers recommended to the Commission at the April 2017 adoption hearing. The quota ranges for 2017 elk tags are indicated in the proposed Regulatory Text.

Other minor editorial changes and renumbering have also been made.

The complete Table and text is found in the attached proposed Regulatory Text of Section 364.1.

Benefits of the regulations

The proposed regulations will contribute to the sustainable management of elk populations in California. Existing elk herd management goals specify objective levels for the proportion of bulls in the herds. These ratios are maintained and managed in part by annually modifying the number of tags. The final values for the license tag numbers will be based upon findings from annual harvest and herd composition counts where appropriate.

Non-monetary benefits to the public

The Commission does not anticipate non-monetary benefits to the protection of public health and safety, worker safety, the prevention of discrimination, the promotion of fairness or social equity and the increase in openness and transparency in business and government.

Consistency with State or Federal Regulations

The Fish and Game Commission, pursuant to Fish and Game Code Sections 200, 202 and 203, has the sole authority to regulate elk hunting in California. Commission staff has searched the California Code of Regulations and has found the proposed changes pertaining to elk tag allocations are consistent with Title 14. Therefore the Commission has determined that the proposed amendments are neither inconsistent nor incompatible with existing State regulations.

UPDATE

At its April 26, 2017 meeting in Van Nuys, the Fish and Game Commission adopted the changes to Section 364.1, SHARE Elk, and the 2017 Tag Allocations

set forth in the table in subsections 364.1(i) through (l). No modifications were made to the originally proposed language of the Initial Statement of Reasons.

Table 2. 2016 & 2017 SHARE Elk Tag Allocations

Hunt Name	2016 Bull	2016 Antlerless	2017 Bull	2017 Antlerless	364.1 Amended subsections
