

Section 715 to Title 14, California Code of Regulations (CCR), to establish an electronic random drawing for Upland Game Bird Special Hunt reservations in the Automated License Data System (ALDS). Currently the draw is conducted by Wildlife Branch staff. Establishing the random drawing in ALDS is necessary to ensure a fair and equitable distribution of limited hunts, control the cost of the process, and to place upland game bird drawing regulations in the same part of Title 14 as the big game and waterfowl drawings.

At this time, big game and waterfowl hunt drawings are conducted through the ALDS. ALDS was implemented to centralize all data relating to hunting, fishing, commercial and other licenses and permits, and to collect related fees. Adding the Upland Game Bird Special Hunt will provide the public with an up-to-date method to apply for wild bird hunting opportunities. The ALDS drawing process:

- Provides great flexibility,
- Reduces error,
- Gives applicants the ability to select their first, second and third choice wild bird hunts,
- Quickly and accurately determines the successful applicants, and
- Provides for payment of the nonrefundable application fee set forth in amended Section 702.

The deadline for application will be 21 days prior to the first hunt date and the drawing will be conducted within days following the deadline. Season openers are subject to change, but typically are:

Early Season Dove	September
Pheasant	November
Fall Turkey	November
Spring Turkey	March
Spring Apprentice Turkey	March

However, there may be times when the first available hunt date would not be on the season opener. ALDS is flexible and programmed for all contingencies, such as zone closures (fire and other natural causes), date changes, etc.

Proposed Regulations

Add new Section 715 in two parts:

Subsection 715(a) establishes the application procedure. ALDS allows the applicant to select their top three choices for upland game bird hunting

opportunity, easily apply as an individual, a party leader, or as a party member, and assigns a Party Identification Number (PIN). The system then accepts payment of the application fee.

Subsection 715(b) establishes the drawing procedure. As with all other drawings in ALDS, each applicant PIN is assigned a random number and the applicants are then ranked in order lowest to highest, with first choice going to the lowest and so forth until all reservations are exhausted. Successful applicants are notified and information related to their hunt is provided. All applicants (identified by their PIN) may view their ranking on the Department's website, wildlife.ca.gov.

Amend Section 702:

An application fee of \$2.25 will be established in a new subsection (c)(1)(X). This fee is an amount sufficient to recover all reasonable administrative and implementation costs of the Department and Commission relating to the drawing in accordance with Section 1050, Fish and Game Code (FGC). All licenses, tags, permits, reservations or other entitlements purchased via ALDS are also subject to a three percent nonrefundable application fee in accordance with Section 700.4, Title 14, CCR. The fee will also be subject to an annual adjustment in accordance with Section 713, FGC.

(b) Authority and Reference from Fish and Game Code for Regulation:

Section 715:

Authority: Section(s) 200, 203, and 1050, Fish and Game Code.

Reference: Section(s) 1050, 3500, 3682.1, and 3683, Fish and Game Code.

Section 702:

Authority: Sections 200, 202, 203, 215, 220, 331, 332 and 1050, Fish and Game Code.

Reference: Sections 200, 202, 203, 203.1, 207, 215, 219, 220, 331, 332, 713, 1050, 1055, 1055.1, 1570, 1571, 1572, 1573, 3950, 3951, 4302, 4330, 4331, 4332, 4333, 4336, 4340, 4341, 4652, 4653, 4654, 4655, 4657, 4750, 4751, 4752, 4753, 4754, 4755, 4902, 10500 and 10502, Fish and Game Code.

(c) Specific Technology or Equipment Required by Regulatory Change: None.

(d) Identification of Reports or Documents Supporting Regulation Change: None

(e) Public Discussions of Proposed Regulations Prior to Notice Publication:

No public meetings are being held prior to the notice publication. The 45-day comment period provides adequate time for review of the proposed amendments.

V. Description of Reasonable Alternatives to Regulatory Action:

(a) Alternatives to Regulation Change:

No alternatives were identified.

(b) No Change Alternative:

The Department would continue to conduct the drawings by using Wildlife Branch staff. This method is subject to error and is costly because of the personnel involvement which is not reimbursed with a fee at this time. The ALDS system was established to provide this service to the public fairly and at a low-cost.

(c) Consideration of Alternatives:

In view of information currently possessed, no reasonable alternative considered would be more effective in carrying out the purpose for which the regulation is proposed, would be as effective and less burdensome to affected private persons than the proposed regulation, or would be more cost effective to affected private persons and equally effective in implementing the statutory policy or other provision of law.

VI. Mitigation Measures Required by Regulatory Action:

The proposed regulatory action will have no negative impact on the environment; therefore, no mitigation measures are needed.

VII. Impact of Regulatory Action:

The potential for significant statewide adverse economic impacts that might result from the proposed regulatory action has been assessed, and the following initial determinations relative to the required statutory categories have been made:

(a) Significant Statewide Adverse Economic Impact Directly Affecting Businesses, Including the Ability of California Businesses to Compete with Businesses in Other States:

The proposed action will not have a significant statewide adverse

economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states. The proposed action automates an existing hunt drawing process through the use of ALDS. This proposal is economically neutral to business.

- b) Impact on the Creation or Elimination of Jobs Within the State, the Creation of New Businesses or the Elimination of Existing Businesses, or the Expansion of Businesses in California; Benefits of the Regulation to the Health and Welfare of California Residents, Worker Safety, and the State's Environment:

The Commission anticipates benefits to the health and welfare of California residents. ALDS provides a single location for the public to apply for all department hunts including big game and waterfowl hunting opportunities. Data collected and compiled through ALDS will be accessible in a consistent format for the Department's use. Adding the Upland Game Bird Special Hunt Drawing to ALDS will provide the same benefits of fairness and flexibility as well as important information necessary to properly manage upland game bird populations.

The Commission anticipates benefits to the State's environment in the sustainable management of natural resources. The proposed regulation could reduce the time required to apply for Upland Game special hunting opportunities and will improve the accuracy of the data collection. Adoption of regulations to increase sustainable hunting opportunity provides for the maintenance of sufficient populations of upland game birds to ensure their continued existence.

The Commission does not anticipate any impacts on the creation or elimination of jobs, the creation of new business, the elimination of existing businesses, or the expansion of businesses in California. The Commission does not anticipate any benefits to worker safety.

- (c) Cost Impacts on a Representative Private Person or Business:

The Department proposes a modest fee to recover reasonable costs of the drawing as required by statute. The Commission is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

- (d) Costs or Savings to State Agencies or Costs/Savings in Federal Funding to the State: None.

- (e) Nondiscretionary Costs/Savings to Local Agencies: None.

- (f) Programs Mandated on Local Agencies or School Districts: None.
- (g) Costs Imposed on Any Local Agency or School District that is Required to be Reimbursed Under Part 7 (commencing with Section 17500) of Division 4, Government Code: None.
- (h) Effect on Housing Costs: None.

VIII. Economic Impact Assessment:

The proposed regulatory action has been evaluated and it has been determined that the proposed action will not have a significant statewide adverse economic impact on individuals, businesses, or the state economy.

The fees for the upland game bird special hunt drawing application are proposed to recover the reasonable administrative costs for the provision of the program. The start-up and ongoing costs are detailed in the Table 1. Item Fee Calculation for Cost Recovery. Based on the data in Table 1, a fee of **\$2.25** is proposed per drawing application. The payment of the fee is required as set forth in subsection 715(a)(3) and the fee amount will be listed in subsection 702(c)(1)(X), Hunting Applications, Tags, Seals, Permits, Reservations and Fees.

Table 1. **REVISED** Item Fee Calculation for Cost Recovery
 Upland Game Bird Special Hunt Drawing Application
 Number of items expected to be sold per year: **6,200**

Start up Costs

Cost Description	Hours	Rate	Total
ALDS IT support: Item setup/ configuration /reporting			
Sr. ISA	16	\$ 64.13	\$ 1,026.08
Associate Programmer Analyst	8	\$ 50.65	\$ 405.20
Program review or Item Setup and configuration	16	\$ 52.32	\$ 837.12
LED review & training (optional)	4	\$ 56.57	\$ 226.28
Total Startup Costs			\$ 2,494.68
Amortized over 5 years:			\$ 498.94

Ongoing Costs

Cost Description	Hours	Rate	Total
ALDS IT support: Item Review			
Sr. ISA	16	\$ 64.13	\$ 1,026.08
Associate Programmer Analyst	4	\$ 50.65	\$ 202.60
Program Staff Item review	16	\$ 52.32	\$ 837.12
LED review	4	\$ 56.57	\$ 226.28
Law Enforcement Costs	4	\$ 42.33	\$ 169.32
Ongoing Costs Total			\$ 2,461.40
Amortized startup costs (from Above)			\$ 498.94
Overhead	33%		\$ 962.11
Item Total Annual Startup and Ongoing Costs			\$ 3,922.45

Item Startup and ongoing cost per transaction	\$ 0.63
--	----------------

Item Fee Calculation

Item Startup and ongoing cost per transaction		\$ 0.63
ALDS System costs Per transaction		\$ 0.78
LRB Operations costs Per transaction		\$ 0.89
Item Fee		\$ 2.30
Item Fee (rounded to nearest .25) per FGC Section 713		\$ 2.25

- (a) Effects of the Regulation on the Creation or Elimination of Jobs Within the State: The Commission does not anticipate any impacts to job creation or elimination within the state, because the proposed program will not reduce the number of hunters or hunting visits to areas of the state.
- (b) Effects of the Regulation on the Creation of New Businesses or the Elimination of Existing Businesses within the State: The Commission

does not anticipate any adverse impacts on the creation of new businesses or the elimination of existing businesses within the state, because the proposed program will not reduce the number of hunters or hunting visits to areas of the state.

- (c) Effects of the Regulation on the Expansion of Businesses Currently Doing Business within the State: The Commission does not anticipate any adverse impacts on the expansion of businesses currently doing business within the state, because the proposed program will not reduce the number of hunters or hunting visits to areas of the state.
- (d) Benefits of the Regulation to the Health and Welfare of California Residents: The Commission anticipates benefits to the health and welfare of California residents. Data collected and compiled through ALDS will be accessible in a consistent format for the Department's use. Adding the Upland Game Bird Special Hunt Drawing to ALDS will provide the same benefits of fairness and flexibility as well as important information necessary to properly manage upland game bird populations.
- (e) Benefits of the Regulation to Worker Safety: The Commission does not anticipate any benefits to worker safety because the proposed program will not have direct impacts on working conditions.
- (f) Benefits of the Regulation to the State's Environment: The Commission anticipates benefits to the State's environment in the sustainable management of natural resources. The proposed regulation could reduce the time required to apply for Upland Game special hunting opportunities and will improve the accuracy of the data collection. Adoption of regulations to increase sustainable hunting opportunity provides for the maintenance of sufficient populations of upland game birds to ensure their continued existence.
- (g) Other Benefits of the Regulation: None.

Amended Informative Digest/Policy Statement Overview

A new Section 715, Upland Game Bird Special Hunt Drawing, is proposed to establish the application and drawing procedures for wild upland game bird hunt reservations in the Automated License Data System (ALDS). ALDS is the central location for the public to apply for all Department licenses and hunting opportunities. The ALDS drawing process provides more accuracy and flexibility to the public and allows applicants to easily select their first, second and third choice wild bird hunts. A fee of **\$2.25** per application for the Upland Game Bird Special Hunt Drawing is proposed to be added in Section 702.

Benefits of the regulations

The Commission anticipates benefits to the health and welfare of California residents. ALDS provides a single location for the public to apply for all Department hunts including big game and waterfowl hunting opportunities. Data collected and compiled through ALDS will be accessible in a consistent format for the Department's use. Adding the Upland Game Bird Special Hunt Drawing to ALDS will provide the same benefits of fairness and flexibility as well as important information necessary to properly manage upland game bird populations.

The Commission anticipates benefits to the State's environment in the sustainable management of natural resources. The proposed regulation could reduce the time required to apply for Upland Game special hunting opportunities and will improve the accuracy of the data collection. Adoption of regulations to increase sustainable hunting opportunity provides for the maintenance of sufficient populations of upland game birds to ensure their continued existence.

Non-monetary benefits to the public

The Commission does not anticipate non-monetary benefits to the protection of public health and safety, worker safety, the prevention of discrimination, the promotion of fairness or social equity and the increase in openness and transparency in business and government.

Consistency with State or Federal Regulations

The Fish and Game Commission, pursuant to Fish and Game Code Sections 200, 202 and 203, has the sole authority to regulate hunting in California. Commission staff has searched the California Code of Regulations and has found the proposed changes pertaining to reservation drawing selection for wild upland game bird hunting opportunities through ALDS to be consistent with the provisions of Title 14. Therefore the Commission has determined that the proposed amendments are neither inconsistent nor incompatible with existing state regulations.
