

TITLE 14. Fish and Game Commission Notice of Proposed Changes in Regulations

NOTICE IS HEREBY GIVEN that the Fish and Game Commission (Commission), pursuant to the authority vested by Sections: 200, 202, 205, 220, 240, 316.5 and 2084 of the Fish and Game Code and to implement, interpret or make specific Sections 200, 202, 205, 316.5 and 2084 of said Code, proposes to amend subsection (c) of Section 27.80, Title 14, California Code of Regulations, relating to Ocean Salmon Recreational Fishing – April 2017 Season.

Informative Digest/Policy Statement Overview – Inland Fisheries

The Pacific Fishery Management Council (PFMC) coordinates west coast management of recreational and commercial ocean salmon fisheries in the federal fishery management zone (three to 200 miles offshore) along the coasts of Washington, Oregon and California. The annual PFMC ocean salmon regulation recommendations are subsequently implemented by the National Marine Fisheries Service (NMFS) effective on May 1 of each year.

California's recreational salmon fishing regulations need to conform to the federal regulations to achieve optimum yield in California under the federal Salmon Fishery Management Plan. The Fish and Game Commission (Commission) adopts regulations for the ocean salmon recreational fishery in State waters (zero to three miles offshore) which are consistent with these federal fishery management goals.

Present Regulations

Regulations for 2016 [subsections 27.80(c) and (d)] authorized ocean salmon recreational fishing seven days per week north of Horse Mountain including Humboldt Bay from May 16 through May 31, June 16 through June 30, July 16 through August 16, and September 1 through September 5, 2016. Between Horse Mountain and Point Arena, ocean salmon recreational fishing was authorized seven days per week from April 2 to November 13, 2016. Between Point Arena and Pigeon Point, ocean salmon recreational fishing was authorized seven days per week from April 2 to October 31, 2016. Between Pigeon Point and Point Sur, ocean salmon recreational fishing was authorized seven days per week from April 2 to July 15, 2016. For areas south of Point Sur, ocean salmon recreational fishing was authorized seven days per week from April 2 to May 31, 2016. The bag limit for all areas in 2016 was two fish per day (all species except coho). The areas north of Point Arena had a minimum size limit of 20 inches total length. The area between Point Arena and Pigeon Point had a minimum size limit of 24 inches total length through April 30, 2016 and 20 inches total length thereafter. Areas south of Pigeon Point had a minimum size limit of 24 inches total length. Since the existing regulations pertained only to the 2016 season, amendment of these regulations is essential to allow for any fishing in State waters during 2017.

Proposed Regulations

Two separate Commission actions are necessary to conform State regulations to federal rules that will apply in 2017. The first action would amend subsection 27.80(c), establishing salmon fishing regulations for the month of April 2017 consistent with federal regulations for the federal fishery management zone off California. Recreational salmon fishing regulations for May 1

through the end of 2017 will be considered in the second rulemaking action, tentatively scheduled for adoption in April 2017.

For public notice purposes and to facilitate Commission discussion, the Department of Fish and Wildlife (Department) is proposing the following regulations to encompass the range of federal ocean salmon regulations that are expected to be in effect April 1 through April 30, 2017. This approach will allow the Commission to adopt State ocean salmon recreational fishing regulations to conform to those in effect in federal ocean waters shortly after the federal rules are promulgated.

- (1) North of Horse Mountain and in Humboldt Bay: The fishery shall remain closed in this area during April. The remainder of the 2017 season will be decided in April by the PFMC and Commission and the section will be amended pursuant to the regulatory process.
- (2) South of Horse Mountain: The season, if any, may open on a date within the range of April 1 through April 30, 2017. The proposed daily bag limit will be from zero to two fish, and the proposed minimum size will be from 20 to 26 inches total length. The exact opening date, along with daily bag limit, minimum size, and days of the week open will be determined by the Commission, considering federal regulations applicable to each area for April 2017 and may be different for each area.

Benefits of the regulations

The benefits of the proposed regulations are concurrence with federal law, sustainable management of ocean salmon resources, and promotion of businesses that rely on recreational ocean salmon fishing.

Consistency and Compatibility with State Regulations

The proposed regulations are neither inconsistent nor incompatible with existing State regulations. The legislature has delegated authority to the Commission to adopt sport fishing regulations in general (Sections 200, 202 and 205, Fish and Game Code) and salmon sport fishing regulations specifically (Section 316.5, Fish and Game Code). The proposed regulations are consistent with regulations for sport fishing in marine protected areas (Section 632, Title 14, CCR) and with general sport fishing regulations in Chapters 1 and 4 of Subdivision 1 of Division 1, Title 14, CCR. Commission staff has searched the California Code of Regulations and has found no other State regulations related to the recreational take of salmon in the ocean.

NOTICE IS GIVEN that any person interested may present statements, orally or in writing, relevant to this action at a hearing to be held in the DoubleTree by Hilton Hotel Sonoma, One Doubletree Drive, Rhonert Park, California, on Thursday, February 9, 2017 at 8:00 a.m., or as soon thereafter as the matter may be heard.

NOTICE IS ALSO GIVEN that any person interested may present statements, orally or in writing, relevant to this action at a hearing to be teleconference originating in the Fish and

Game Commission conference room, 1416 Ninth Street, Suite 1320, Sacramento, California, on Wednesday, March 15, 2017, at 8:30 a.m., or as soon thereafter as the matter may be heard. It is requested, but not required, that written comments be submitted on or before 5:00 p.m. on March 2, 2017 at the address given below, or by email to FGC@fgc.ca.gov. Written comments mailed, or emailed to the Commission office, must be received before 12:00 noon on March 10, 2017. All comments must be received no later than March 15, 2017, at the teleconference hearing. If you would like copies of any modifications to this proposal, please include your name and mailing address.

Availability of Documents

The Initial Statement of Reasons, text of the regulations, as well as all related documents upon which the proposal is based (rulemaking file), are on file and available for public review from the agency representative, Valerie Termini, Executive Director, Fish and Game Commission, 1416 Ninth Street, Box 944209, Sacramento, California 94244-2090, phone (916) 653-4899. Please direct requests for the above mentioned documents and inquiries concerning the regulatory process to Valerie Termini or Caren Woodson at the preceding address or phone number. **Barry Miller, Environmental Scientist, Department of Fish and Wildlife, phone (707) 576-2860, has been designated to respond to questions on the substance of the proposed regulations.** Copies of the Notice of Proposed Action, the Initial Statement of Reasons, and the text of the regulation in underline and strikeout can be accessed through our website at <http://www.fgc.ca.gov>.

Availability of Modified Text

If the regulations adopted by the Commission differ from but are sufficiently related to the action proposed, they will be available to the public for at least 15 days prior to the date of adoption. Circumstances beyond the control of the Commission (e.g., timing of Federal regulation adoption, timing of resource data collection, timelines do not allow, etc.) or changes made to be responsive to public recommendation and comments during the regulatory process may preclude full compliance with the 15-day comment period, and the Commission will exercise its powers under Section 202 of the Fish and Game Code. Regulations adopted pursuant to this section are not subject to the time periods for adoption, amendment or repeal of regulations prescribed in Sections 11343.4, 11346.4 and 11346.8 of the Government Code. Any person interested may obtain a copy of said regulations prior to the date of adoption by contacting the agency representative named herein.

If the regulatory proposal is adopted, the final statement of reasons may be obtained from the address above when it has been received from the agency program staff.

Impact of Regulatory Action/Results of the Economic Impact Assessment

The potential for significant statewide adverse economic impacts that might result from the proposed regulatory action has been assessed, and the following initial determinations relative to the required statutory categories have been made:

- (a) Significant Statewide Adverse Economic Impact Directly Affecting Businesses, Including the Ability of California Businesses to Compete with Businesses in Other States:

The proposed action will not have a significant statewide adverse economic impact directly affecting businesses, including the ability of California businesses to compete with businesses in other states. The Department anticipates status quo fishing levels for April 2017 as compared to the April 2016 ocean salmon sport fishing season.

- (b) Impact on the Creation or Elimination of Jobs Within the State, the Creation of New Businesses or the Elimination of Existing Businesses, or the Expansion of Businesses in California; Benefits of the Regulation to the Health and Welfare of California Residents, Worker Safety, and the State's Environment:

The Commission does not anticipate that the proposed regulations will have any impact on the creation or elimination of jobs, the creation or elimination of businesses or the expansion of businesses in California because no changes in fishing activity levels are expected .

The Commission anticipates benefits to the health and welfare of California residents. Salmon sport fishing contributes to increased mental health of its practitioners, provides opportunities for multi-generational family activities and promotes respect for California's environment by the future stewards of California's natural resources.

The Commission anticipates benefits to the State's environment in the sustainable management of salmon resources.

Additional benefits of the proposed regulations are concurrence with federal law, and promotion of businesses that rely on recreational ocean salmon fishing.

The Commission does not anticipate benefits to worker safety.

- (c) Cost Impacts on a Representative Private Person or Business:

The agency is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

- (d) Costs or Savings to State Agencies or Costs/Savings in Federal Funding to the State:
None.

- (e) Nondiscretionary Costs/Savings to Local Agencies: None.

- (f) Programs Mandated on Local Agencies or School Districts: None.
- (g) Costs Imposed on Any Local Agency or School District that is Required to be Reimbursed Under Part 7 (commencing with Section 17500) of Division 4, Government Code: None.
- (h) Effect on Housing Costs: None.

Effect on Small Business

It has been determined that the adoption of these regulations may affect small business. The Commission has drafted the regulations in Plain English pursuant to Government Code Sections 11342.580 and 11346.2(a)(1).

Consideration of Alternatives

The Commission must determine that no reasonable alternative considered by the Commission, or that has otherwise been identified and brought to the attention of the Commission, would be more effective in carrying out the purpose for which the action is proposed, would be as effective and less burdensome to affected private persons than the proposed action, or would be more cost effective to affected private persons and equally effective in implementing the statutory policy or other provision of law.
